1 - Applicable to bank transfer in USD, GBP to non-UK bank accounts, EUR using non-SEPA circuit.

2 - If You or a Card User make a Transaction in a currency other than the currency that the Card is denominated in, the Transaction will be converted to the currency Your Card by the Mastercard scheme network at a rate set by Mastercard International Incorporated (<https://www.mastercard.com/global/currencyconversion>) on the day We receive details of the Transaction. The exchange rate varies throughout the day and is not set by Us. Note also that exchange rates can fluctuate and that they may change between the date You made Your Transaction and the date the money leaves Your Soldo Account.

3 - The interbank rate is provided by financial exchanges and may be delayed as specified by financial exchanges or Our data providers. Note that the above exchange rates are a guide only. We do not guarantee the above exchange rates. It is Your responsibility to ensure that You agree with the Soldo Exchange Rate for each Currency Exchange Service You enter into, prior to entering into the Soldo Client.
