1. Applicable to bank transfer in USD, GBP to non-UK bank accounts, EUR using non-SEPA circuit.

2. If a transaction is performed in a currency other than the denominated currency of the Card, the transaction amount will be converted to the card currency by the Mastercard® scheme network at a rate set by Mastercard on the day Soldo receives details of the transaction. The exchange rate can vary throughout the day and is not controlled by Soldo. Please note also that exchange rates also fluctuate on a daily basis, and that they may change between the date the transaction is made, and the date the money leaves your Soldo Account.
